

Donations

In times of scarce income in the public sector, institutions like the German Literature Archive Marbach require financial support from private patrons and sponsors more than ever.

With your donation, you can actively support the work of the German Literature Archive Marbach. To this end, you have the option of determining which department you would like to contribute to as a patron. For example, if you donate to the archive, you make it possible for new acquisitions to be transacted (e.g. handwritten documents, works of art). If you donate to the library, gaps in our special collections (e.g. authors' libraries, artists' books) may be filled.

Do you enjoy visiting our exhibitions? If so, donate to the museums and play a role in the realization of further attractive exhibitions and the demanding production of publications. Another option is to support young researchers with a scholarship (one time, or regularly) and to make it possible for them to work with our holdings.
