

Photo and Digitisation Orders

In Photographic Services, reproductions (scans, photographs, printouts) of archive holdings from all collections can be ordered in quality ready for print. For this purpose, the DLA assesses the costs of production and, in the case of a subsequent publication, royalties. Further information can be found in the current [schedule of fees](#).

Permission for the publication of archival materials from the holdings of the DLA strictly requires a [request in writing](#). If objects are still protected by copyright or for loaned or deposited holdings, additional permissions from the author/artist/photographer, the owner or their legal successor must be obtained.
